

# Magnetic lifter

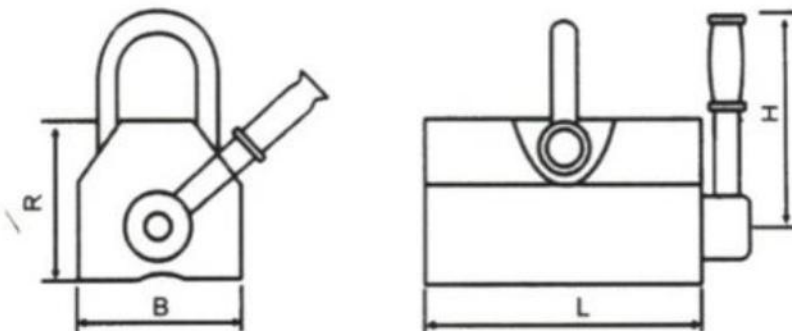

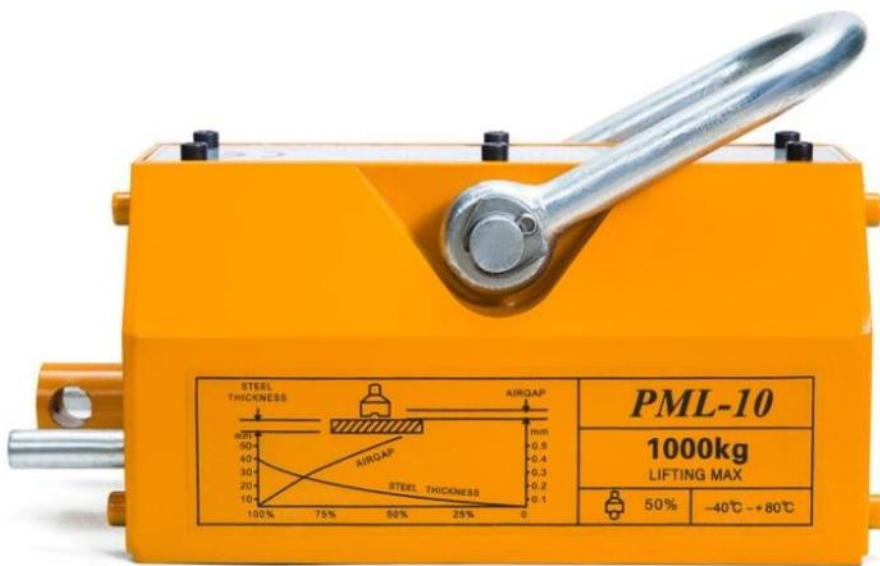

# Magnetic Lifter

## Product details

This Lifter Magnet is made from Super Strong Boron Steel Industrial Magnet. The closed magnetic path is controlled by changing the Handle Guide. Suitable for lifting heavy goods such as Manhole covers, gratings, tree gratings, steel pipe fittings and other cast iron and cast iron. There will be less than Lifting Power on the manholes with lifting characters and patterns on the shirt, or painted and rusted surfaces.

# Magnetic Lifter

## FORGED HIGH-STRENGTH RINGS

RUGGED AND DURABLE  
NOT EASILY DEFORMED  
NOT EASILY BROKEN

## NON-SLIP HANDLE

ALLOY STEEL LEVER  
RUBBER COATED

## MAGNETIC DRAWING

ACCORDING TO THE DRAWING  
CHOOSE RIGHT  
MAGNETIC LIFTER

## SAFETY BOLT

ANTI-COLLISION  
PROTECTION  
SHELL

THICKENED SHAFT  
MANUAL SWITCH

## PLASTIC PROTECTION

ANTI-COLLISION DESIGN  
HIGH AGREEMENT

generation	Lifting capacity (kg)		size				Net weight (kg)
